## JOHN SPELLMAN

The untimely death of John Franklin Spellman, '51, KDES program supervisor, in Providence, Rhode Island, on March 15 after a seven-month battle with cancer, shocked and saddened the entire campus community. John, who was in his third year of service at KDES, was loved by all who came in contact with him. Services were held at the First Unitarian Church, Providence, on Sunday, March 18 and were attended by more than 250 persons from all over the Eastern seaboard. A number of persons from Gallaudet were in attendance. John is survived by his wife, Bettie, E-'53, and sons John III and Adam.

John Spellman was a very involved and dedicated person who gave unselfishly of himself to a number of causes and organizations as well as a host of individuals. His death is a tremendous loss to the national deaf community. His death is a great personal loss for me inasmuch as he and I were very close personal friends for more than 30 years. I was honored to be asked by his family to eulogize him at the services on March 18.

His great sense of humor and his love for reading mysteries were elements of his life that inspired and influenced me as a result of our close personal friendship over the years. Many is the time when he would catch sight of a particular pocketbook title I would be reading, then casually lean over and mention who "did it." I will miss that and many other things about a great friend.

WMDA, CONTINUING EDUCATION TO CO-HOST  
POLITICAL WORKSHOP ON APRIL 27

Plans are now underway for an "introductory" political workshop to be held at Gallaudet College on Friday evening and Saturday, April 27 & 28, 1979. The event, co-sponsored by the Demonstration Program of Gallaudet's College for Continuing Education and the Washington Metropolitan Deaf Alliance will feature a "mock" political rally and an in-depth workshop to the political systems in Maryland, Virginia and the District of Columbia. Also scheduled are "mini" sessions on how to get involved in the political system in your local community, how to be politically aware and how to lobby (write letters, etc.).

The Friday night session will feature a "political rally" to which politicians from the Metropolitan Washington area will be invited.

This whole event is an outgrowth of the WMDA's involvement with the political scene and how to get involved with it. Don Pettingill, Ted Schwartz, Nancy Abbott, Debbie Myers and Fred Schreiber are the key people behind this effort. Further information will be forthcoming in a future addition.
